COMING EVENTS

School closed Enterprise Agreement	Monday	11 March
Stick pick up working bee 3.30pm	Wednesday	13 March
Gymnastics Program	Mon-Fri	18-22 March

Dear Parents ,

Thanks to all involved with our fundraising adventure at Bunnings the other week. The weather was a little unkind and dented our profit margin. I have heard on the grapevine that we made around \$800 profit. We have plenty of cans of drink and sausages left over for our next project.

Jill Feutrill is teaching at the school this week. Jill is standing in for Therese whose house was badly damaged when a tornado travelled through Kiama. Jill brings a wealth of teaching skills having taught teachers computer skills for many years and being Assistant Principal of "a big school".

I hope to lure Jill to Wee Jasper on a regular basis! Daniel has approved of Jill's presence in the school asking me on the side in a quiet moment if she was going to come back to the school in the future. I said "I hope so," to which Daniel replied, "Good, she is awesome!"

Gymnastics

The gymnastics program starts in two weeks each day Monday to Friday. Please ensure students are wearing suitable clothes, shorts/tshirt and footwear.

Canberra Show

It was great to see the number of parents front up to the Canberra show. I am sure you all enjoyed the sights. I would like to personally thank you all, students and parents alike, for volunteering me to be a tree for the reptile lady. Enjoy the photographs.

Enterprise Agreement

Please note that school will be closed on Monday 11th March. We are closing one week earlier due to the Gymnastics program being run 18th-22nd March.

Please remember that I am always available for a meeting if you wish to discuss any problems or concerns with your child, or the school.

Swimming

Depending on weather conditions we will make a call on Thursday 14th as to whether we go swimming on the Friday.

Website

The school website is now up and running after technical glitches last year. There are over 300 new photos on the website of our activities.

Staff Training.

Relevant staff have been trained in the following:

Senior First Aid/Emergency Care
Administering of Prescribed Medications
Anaphylaxis e-training
Emergency Care – e-training
EpiPen administration.

An EpiPen is now held at school for children/adults undiagnosed with anaphylactic reactions.

Regards

Mark.
