Positive behaviour for Learning

Mrs Chapman has been running professional learning to assist the school in implementing the positive behaviour for learning program. Staff and our parent panel member have been finding this process very informative and helpful, and look forward to having this program in place at our school.

Attendance

The new Home School Liasion Officer has visited the school to update the school attendance policy. It is a requirement to inform parents of the procedures that are in place. Please attached to this newsletter a copy of this policy..

New Equipment

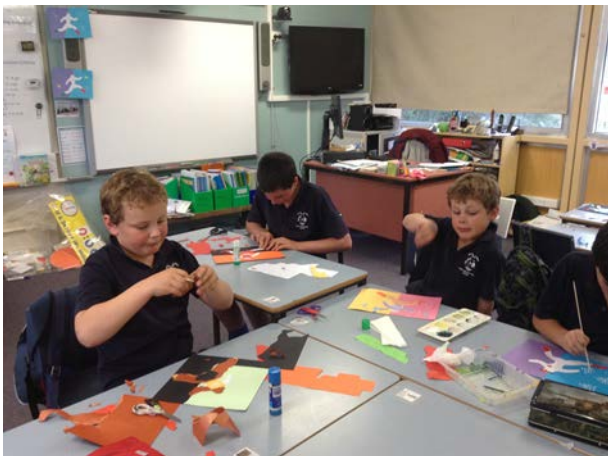

Thanks to the grants we received from the Sporting School program we have been able to purchase some new equipment for the children. The new equipment includes touch footballs, a skittles set, mini hurdles, training poles, and other fun and useful things that the children have had fun trying at at break times.

Assembly

Thank you to all the parents who attended our school assembly. It is a great opportunity for students to discuss their learning and be rewarded for their efforts.
